General and Revenue Secretariat. | Red File No. 25 of 1913-14.

U. O. No. 10
Dated 22.12.13

W
22/12

Serial No. 16

The income from "private contributions" excluding fees for X Ray photos for the past 11 years was Rs: 719-3-11 i.e. an average of Rs: 65-6-2 per annum

17. In 1903-4 & 1906-7 there was no income at-all and it was only Rs: 5/- in the next year but in 1902-3 it was Rs: 150 & in 1906-9 it was Rs: 230/.

18. The average income of the past four years works out to be Rs: 69-4-0.

19 The average expenditure comes to Rs: 43-10-0 if calculated for the past 11 years and Rs: 55-5-0 for the last 4 years.

20. It is clear therefore that the average expenditure under the fund has been kept well within the average income.

21. It strikes me therefore that the income from X Ray photos may well be discarded.

22. Even if no private donations are received for some years to come the balance to the credit of the fund will be sufficient to meet the ordinary expenditure.
